ARTICLE IV. VARIANCES

Sec. 86-171. Permitted variances; exclusions.

(a) Hardship relief. A hardship may exist in which the strict application of one or several requirements of this land development code would render a parcel incapable of reasonable use. Specified provisions set forth in this land development code or in the development standards may be waived when, because of the particular physical shape,

surroundings or topographical condition of the property, compliance would result in a particular hardship upon the owner. A hardship is distinguished from a mere inconvenience or a desire to increase monetary gain.

(b) *Exclusions.* Requests for variances from requirements of the land development code shall generally be considered for those provisions which regulate proposed site development and the requirements applicable to existing development. The following request for variances shall not be considered:

- (1) Requests for variances to the adopted comprehensive plan.
- (2) Requests for variances to permit a use which is not allowed as a permitted use or as a conditional use within the specific zoning district.
- (3) Requests for variances to permit the expansion of a nonconforming use of any land or structure, or the continuance of any nonconforming use which has ceased by discontinuance or abandonment for a period of one year, or the reestablishment of a nonconforming building or structure which has been destroyed or damaged by fire, explosion or act of God or in another manner to the extent of 50 percent or more of its assessed valuation.

(c) *Final decision.* Final determination of a hardship relief decision is vested in the city council sitting as the board of adjustment as provided for in this article.
